

## Tenure Track Faculty Positions for 2017

The Faculty of Education in Science and Technology at the Technion invites outstanding researchers to join our vibrant research and teaching group in science and technology education. We are seeking to fill at least two faculty positions in the research and teaching domains of chemistry education, engineering education, or mathematics education in a variety of learning environments in high school and higher education.

We welcome applications from excellent researchers to join our faculty and contribute from their qualifications to integrate theoretical and empirical work, and design innovative research.

Candidates must hold a Ph.D. in science, engineering, mathematics or STEM education, and have a record or demonstrable potential of outstanding international achievements in one of the above-mentioned areas. Candidates are expected to develop and lead vigorous research programs, collaborate with other researchers within the Faculty and at the Technion at large, supervise graduate students, teach undergraduate and graduate courses, and apply for competitive research grants.

Outstanding researchers with excellent teaching record at all levels of academic seniority are encouraged to apply.

Applications should include: curriculum vitae, a statement of research interests, up to four representative publications, a statement of teaching philosophy, a plan of proposed research, and a list of referees, including contact details.

Applications should be emailed by **December 31, 2016** to the Dean, Professor Yehudit Judy Dori [edudean@technion.ac.il](mailto:edudean@technion.ac.il).
